PARTY + EVENT

MANUFACTURER REPRESENTATIVES FOR THE MID-ATLANTIC

Step up to a better solution.

The AS 2100 aluminum staging system is light-weight, reliable, fast and easy-to-assemble. The aluminum frame and textured top features various applications including multi-brand compatible ADA Ramps, various staging configurations, and integration with the Contur scaffold to provide tiered staging. So whether you are setting the stage for a college graduation, an electric performance or a dance floor for a wedding or party, Bil-Jax is always the most reliable and dependable solution.

BilJax

AS 2100 ADA Compliant Ramps are compatible with multiple systems

Integration

AS 2100 Aluminum Staging **EASY SET UP INCREASES PROFITABILITY**

This lighter metal allows for ease of use and durability. Available in a variety of shapes and dimensions with unique locking hooks; your options for configurations are endless.

- Minimal parts required
- Quick snap-in legs and guard panels
- Interlocking hook design eliminates cam locks
- Easily adaptable for risers
- Stairs / legs interchange with Multi-Stage ST8100
- Extremely versatile for indoor or outdoor use
- Multiple deck surface options available
- Meets or exceeds all building code requirements

AS 2100 Storage Carts **TRANSPORT STAGING EASILY**

- Carts are adjustable to fit 4' and 8' sections with storage for legs and accessories.
- Cart can fit through a standard doorway (up to 33")
- Swivel and locking casters as well as fork lift pockets are included
- Any combination of deck sizes can be used at the same time

The perfect compliment and the total solution.

In addition to staging, BilJax has a full range of scaffolding, indoor/outdoor seating along with crowd control products to handle all of your event needs. Keep your event staff and attendees safe with quality, durable products, each designed to handle specific applications.

Bil-Jax Scaffolding INDOOR/OUTDOOR SCAFFOLD

A complete line of step, ladder, and walk-through style frames to provide access and working platforms for all your commercial, industrial, and rental needs.

Rolling utility scaffolds for indoor or outdoor use are capable of traveling through standard doors, are adjustable heights, and optional guard-railing.

Bil-Jax Seating INDOOR/OUTDOOR SEATS

Bleacher staging that can be used with either aluminum or wood plank seating.

Tip up seating that provides a step up from bleacher seating that integrates with our Contur scaffolding.

Portable bleacher seating to add temporary or permanent additional seating to various playing fields and for use at different events.

BilJax Crowd Control Barrier 8 FOOT BARRIERS

These self supporting BilJax 8' x 44" crowd control barriers are constructed of high strength steel. They feature removable feet and are hot dipped galvanized to provide a high quality, long lasting appearance with superior corrosion resistance.

Rise to new heights.

From scaffolding to scissor lifts, Haulotte has the products you need to reach the hard places. Large platforms ranging from 15ft to 53ft working height, Compact for easy access to narrow spaces, equipped with Rough Terrain diesel for outside applications or silent Electric for interior use, their platform capacity ranges from 507 to 2204 lbs. Take your events to new heights with Haulotte.

**TITAN HD
MOVE WITH CLASS**

With increased cargo and towing capacities, this is one work vehicle that never backs away from the big jobs.

- 21.6-sq-ft, 3,000-lb capacity cargo bed
- 4,600-lb towing capacity

Power. Mega silent. Ultimate performance.

Imagine a generator, so quiet that you didn't know it was running even though you were standing just 10 feet away from it. TecnoGen units are 53dB, that's 10dB less than anybody in rental. Now, imagine how happy your party host will be. So what could make this generator more attractive? A wide selection and great pricing!

TecnoGen

Mega Silent Generators 20kW - 350kW

Just some of the many benefits of TecnoGen Generators

- Fuel Efficient
- 10kW - 3,400kW
- Quieter than most machines on the market
- International Manufacturer with over 40,000 unit production capacity
- Removable Fuel Tank
- 110% Containment - All Fluids
- Skid or Trailer Mount
- New Innovative Cooling Design
- Full Remote Control through GPS
- Integrated Fork Pockets
- Oversized fuel tanks for longer run times
- Integrated Lifting Eye
- Heavy All Steel Construction
- Easy Access doors for maintenance
- Deep Sea Controllers
- LeRoy Somer Alternators

There is a warmth and a glow of happiness.

MCS is a world leader in indoor and outdoor portable heating, which provides a wide range of heating options for your event. Highly efficient, large volume, quiet, 100% clean air heaters keep comfortable temperatures with thermostats and flexible hoses. Guests will stay warm, while not even knowing that heaters are behind the scenes.

MCS

Thermostats on a long cable regulate temperatures

Indirect fired

Large Volume Heater

Oil fired infrared

Radiant Heating

Direct fired

Outdoor Instant Heat

INDIRECT FIRED HEATERS

HIGHLY EFFICIENT, LARGE VOLUME, 100% CLEAN INDOOR WARM AIR

Indirect oil heaters are highly efficient devices that provide large volume of 100% clean, dry and fume free warm air. They are best for places with limited ventilation like event's tents, food preparation areas or exhibition halls. Use with flexible hoses to spread around warm air easily.

- 68,000 to 500,000 Btu/h
- Up to 4712 cfm air displacement
- Connection room thermostat opt.

OIL FIRED INFRARED HEATERS

QUIET AND HEATS LIKE THE SUN

Infrared oil heaters deliver heat fast and exactly to the place where it is required without any air movement. Perfect for heating indoor and outside spaces.

- 58,000 to 146,000 Btu/h
- Radiant heating
- No air flow
- Low noise
- Possible connection to an optional room thermostat

DIRECT FIRED HEATERS

LARGE VOLUMES OF INSTANT HEAT FOR OUTDOOR EVENTS

Direct oil heaters are highly efficient devices that provide large volumes of instant heat where it is required. MCS direct heaters are known as very efficient and robust as well as safe and easy in use.

- 379,000 Btu/h
- Up to 1944 cfm air displacement
- Possible connection to an optional room thermostat and/or fuel pre-heater

Under the tent and under the stars.

Often events are successful due to the things the party attendees never knew existed at the time; like heaters, fans, air coolants, generators, evaporative coolers, serving equipment and much more. PHP is been a staple in the heating and air coolant industry due to it's selection of quality products, pricing and inventory that's in stock and ready to ship next day.
